Patient Consent Signature: Your doctor has requested testing by Southwest Regional PCR Lab LLC dba MicroGen DX, a national laboratory that provides molecular diagnostic testing. The DNA technology that MicroGen DX provides is the "gold standard" of microbial diagnostics. After providing test results to your physician, MicroGen DX will bill most insurance companies for the testing. The insurance company will review the claim and determine your responsibility for deductible amounts and uncovered portions of the bill for each sample sent to the laboratory. MicroGen DX will bill you at your address attached for any portion of the testing not covered by the insurance company, your deductible, or unaccepted insurance carriers unless payment information is provided with this sample requisition. Self-pay charges are \$199 per qPCR and sequencing test and \$279 per Respiratory or Gastrointestinal Panels. By signing below, you take financial responsibility for the payment for this testing.
